

Research and Quality Control

Since 1878, Leonard Coates Nurseries, Inc. has built its reputation on the consistently high quality of its stock. We grow our own stock so that we can control that quality. We do not buy and resell.

What Makes LC Superior Quality

All LC plants are grown in a very special and rich compost medium. That's why our stock produces a well-balanced top and thriving root system. That is also why it continues to grow and improve in your sales yard and does not require artificial feeding every other week or so.

What does this mean to you as a nurseryman? It means LC quality can maintain a vigorous and healthy growth for both you and your customer. High quality stock means a satisfied customer who comes back often.

Special Delivery Service

Our own fleet of trucks delivers your orders promptly at lower cost than ordinary commercial transportation. Plants are handled properly, by our own experienced personnel, so that they arrive in top condition. SEE BOOK CENTER FOR NEW LOW COST DELIVERY SCHEDULE.

Please notify us promptly if we have made an error. Claims must be made immediately upon receipt of goods. We give no warranty, express or implied, as to description, productiveness, quality, crops or any other matter whatsoever. Our liability in every instance whatsoever is limited to the purchase price.

Terms

Our regular terms are cash. However, we will be happy to make credit arrangements with established concerns, 2% - 10 days from date of invoice - 30 days net. 1% PER MONTH INTEREST WILL BE CHARGED ON PAST DUE ACCOUNTS.

This catalog automatically cancels all previous quotations. It is understood that all orders accepted are subject to availability of stock at time of delivery.
